As Our Dreams Come True

Dear Friends,

We, at the Elementary Institute of Science (EIS), would like to thank you from a very special place in our hearts. A place where dreams come true! Each and every one of you did what needed to be done, when it needed to be done, and together we did what "no one" could have done alone.

To celebrate this accomplishment, a new and exciting logo was designed to support our new state-of-the-art science and technology center. Today, we introduce and dedicate this new logo to all of our capital campaign donors - knowing that generations of children will benefit from your kindness. This new logo sets the tone going forward and reflects the joyful spirit within which EIS was founded. A signature building required a bold design and we hope you like this adventuresome new look.

Our organization recognizes the vision established by Tom Watts and the EIS founding board members. This community will remember with pride and gratitude the work of EIS founder Tom Watts (1935-2000). We would also like to acknowledge the contribution of its first Executive Director Mrs. Elizabeth Thompson and several distinguished Board Presidents and Board Members: Dr. Robert Mathews, Mr. Rufus DeWitt, Mrs. Vivien Duncan, and Mr. William Stephens. Their leadership has led us to this historic moment in the history of EIS.

We thank everyone involved in our project, therefore this Special Edition Newsletter lists every gift given ranging from \$2.50 up to \$1.4 million. All of us, including the children at EIS, owe each and everyone included in this Capital Campaign Special Edition a huge thank you for your generosity and believing in our dream.

Sincerely,

Doris Anderson
